Overview of Poster Contest

The Village of Tequesta cordially invites students to participate in our “Drop Savers” **Poster Contest**. Students in grades K–12 are encouraged to create a poster that illustrates a water conservation idea through a slogan, a drawing, or a combination of both. This contest educates elementary school students and reinforces the importance of water conservation for middle and high school students. We believe our greatest opportunity to conserve water lies in long-term education and community awareness—and there is no better place to start than with our young people.
